

Customer Quotes

'With the best price/performance ratio in the industry PCML really has installed the optimum solution with outstanding performance and clear cost savings. We were able to get PCML up and running in a matter of minutes with the Reptor software and with no requirement for additional hardware' Brian McCrory, Tibus

'We deployed within 20 minutes, download to deployment with immediate results' Mark Vollmann, Sierra Wireless

'We were blown away by the performance of the product and its ability to bring our DR run from 3+ hours down to 126 seconds. The Reptor software was the only solution that was a perfect fit for both our budget and features requirements, no other option even came close. The software approach to back-up and DR offers a highly flexible solution which can very simply evolve with us, as our requirements change' Robert Dennis, Alphaprotech

Independent Quotes/Reviews

'Replify's products have the potential to wake up and stir up the WAN optimization market.'
451 Group

'If you see the ease of configuration and performance against pricing, it's a brilliant product.'
PC Quest

'With an outstanding interface and performance, Replify is the test center's No. 1 choice.'
CRN Test Center recommended
